## Declaration

### Material/Product

Adhesive: KLEIBERIT 303.0

### Declaration on food contact suitability

KLEIBERIT 303.0 complies with the requirements of the regulation 21. CFR FDA § 175.105 (Adhesives), which is not valid in Europe, in case when KLEIBERIT 303.0 is used, for example, separated by a functional barrier or if only a slight contact occurs at the seams and edges.

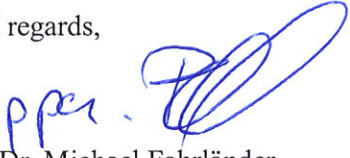

KLEIBERIT 303.0 can be used for the manufacture of materials and articles intended to come into contact with food, provided that they are manufactured according to Good Manufacturing Practice and in compliance with the information given here.

### Migration test

It is the responsibility of the user to comply with the migration limits in the finished material or article under the particular conditions of use, [(i) the nature of the food coming into contact with it, (ii) time and temperature of treatment and storage in contact with food; (iii) ratio of surface to ensure volume coming into contact with food].

This Declaration is valid until there is a change in formulation or in the relevant laws.

Kind regards,

  
ppa. Dr. Michael Fahrländer  
R + D Manager
